

Article: Date Ideas at Tryon International

Audience: Allison Sherman, Senior Editor at WNC Magazine

Subject: Not your average date night in western NC

Allison,

I've enjoyed the recent spotlights WNC Magazine has published on a traveler's guide to Denver and Chicago. Settled just 55 minutes of drive time from Asheville, however, is the stunning Tryon International Equestrian Center and Resort in Mill Spring. Boasting a diverse range of outdoor excursions, on-site fine dining, and exciting weekly events, readers would no doubt love to explore a new date site to take their loved ones or friends.

While Tryon International holds a host of date-worthy events year round, spring and summer are our premier months for the best weekend fun in the area. We have recently published a thorough guide of date options at Tryon International, and we would love to see it carried in WNC Magazine this summer.

I would be happy to provide an abstract and an outline of the article.

Sincerely,

Rette Solomon
